

Autonomy in the Maritime Domain

Conference at Pacific 2019

Sponsorship Prospectus

Event Information

The Pacific 2019 ***Autonomy in the Maritime Domain*** event will attract key Defence and Industry participants to explore the following themes:

- Unmanned System technology and autonomy as applied in the maritime domain.
- Air, surface and subsurface technologies and applications.
- Applications including ISR, EW, countermine, cross-cueing, manned / unmanned teaming.
- Update from key ADF (Navy, Army and RAAF) programs utilising unmanned systems

The conference will be held at Pacific 2019 on October 9, 2019. An informal conference dinner will be held on that evening.

AAUS events are focused on broadening professional relationships amongst members and key industry end users. Our events are strongly supported by key Defence personnel and there will be opportunities to meet with them during the conference and at the conference dinner.
