

## UNCLASSIFIED

Good morning

Thanks for your email about the RPAS Platform. We're excited by the interest we've received and are looking forward to working with app developers to approve and onboard them to the Platform.

As this is a new approach for CASA, we plan to initially run a limited onboarding trial. This will allow us to test and refine our approval and onboarding process with a small number of developers before opening the application process to the wider market. This trial is expected to commence in September.

In the meantime, CASA has approved one application to connect to the Platform. This app was developed as part of the RPAS Platform contract to demonstrate how a third-party would connect to the Platform while meeting CASA's robust approval and onboarding process. That app is expected to be available from [early July](#).

If you have other questions about the Platform, you can contact us at [RPASPlatform@casa.gov.au](mailto:RPASPlatform@casa.gov.au). Otherwise, we will be in touch in the next few months with more information about the onboarding process.
