

Biography
WING COMMANDER MICHAEL GAN
Royal Australian Air Force

Deputy Director – Artificial Intelligence
Plan Jericho

Wing Commander Gan is the Deputy Director Artificial Intelligence – Air Force within the Royal Australian Air Force Headquarters Plan Jericho. His responsibilities include lead on Air Force Artificial Intelligence programs, the Air Force representative for the Defence AI Centre in Joint Capability Group, as well as lead for the Autonomous Processing Line of Effort under the Plan Jericho Disruptive Innovation program.

Wing Commander Gan is a graduate of the Australian Defence Force Academy, the RAAF School of Air Warfare, the Australian Command and Staff College and the Asia-Pacific Centre for Security Studies. He has been a visiting lecturer for the Australian Defence Force Academy and the Malaysian Armed Forces Defence College. His previous postings included operational tours as a transport aircraft Navigator with Number 33 Squadron, 36 Squadron, 37 Squadron and at the Air Power Development Centre – the Royal Australian Air Force’s strategic think tank. Just prior to Plan Jericho, WGCDR Gan was Directing Staff at the Australian Command and Staff College.
